THAKOOR CHANDAN

FULL STACK WEB DEVELOPER 🌐 in ⊙

Rajanna Sircilla, Telangana   📞 9121967673   ✉ thakoorchandan@gmail.com

PROFESSIONAL SUMMARY

As a dynamic Web Developer with two years of industry experience, I bring a robust blend of technical expertise and teamwork to the table. My proficiency lies in analyzing and debugging code, swiftly resolving bugs, and seamlessly integrating features and APIs. I am deeply committed to developing efficient, user-focused web applications, underpinned by a strong command of React, Redux, JavaScript, and CSS. I am eager to take on a challenging role where I can apply my skills to craft dynamic web solutions and continue my professional growth in a fast-paced, innovative environment.

SKILLS, FRAMEWORKS & TOOLS - CI/CD

- **Front-End Development:**
  - React (UIs, Hooks, State Management, Optimizing)
  - HTML & CSS (Responsive Design)
  - SCSS / SASS (Advanced Styling)
  - UI Frameworks: Material UI, Tailwind CSS
- **Back-End Development:**
  - Node.js & Express (Server-Side Programming)
  - MongoDB (NoSQL Database Management)
  - Supabase (Real-time Database)
  - PostgreSQL / Firebase / AWS S3
- **DevOps & Version Control:**
  - Git (Source Control)
  - GitLab & Bitbucket (Code Collaboration, CI/CD)
- **Project Management:**
  - Jira (Agile Project Tracking)

EDUCATION

masai. School   April 2021 - January 2022

- **Full Stack Web Development Program**
  MERN Stack, Data Structures, Algorithms & Soft Skills

AWARDS AND RECOGNITIONS

- **Young Scientist**
  Vivekananda Institute of Technology and Science
  September - 2016

- **Certificate Of Achievement - MySQL Online Quiz**
  Organized by the Department of Computer Science,
  Vivekananda Institute of Technology and Science.

SOFT SKILLS

- Time Management
- Problem Solving
- Flexibility
- Team Collaboration
- Adaptability

INTERESTS

- Volunteering at Kartha (NGO)
- Reading Tech Blogs
- Playing Chess

EXPERIENCE

Shanti Infosoft   January 2024 - Present

Currently working as a MERN Stack Developer at Shanti Infosoft, focusing on the BatterSea Edtech Platform and NimbleFi Central Banking Project (Educational & Financial Technologies)

- Involved in the development of the BatterSea Edtech platform, focusing on creating an interactive and user-friendly educational experience.
- Contributing to the NimbleFi Central Banking project, developing robust and secure banking solutions.
- Utilizing a diverse tech stack including PostgreSQL, DBeaver, React.js, Typescript, Redux, Node.js, Knex.js, Express, HTML, CSS, SCSS, Bootstrap, and Tailwind CSS to deliver scalable and high-performance web applications.

Tekion Corp   February 2022 - September 2023

Worked as a Frontend Web Developer for Vehicle Inventory Module on ARC and DRP projects

- Contributed to the design and development of end-to-end UI flow for Vehicle Inventory management in the automotive retail industry.
- Led the development and integration of advanced features in Tekion's ARC and DRP web applications using React.
- Conducted Knowledge Transfer (KT) sessions for new team members in the Vehicle Inventory team, ensuring a solid understanding of project requirements.
- Addressed and implemented critical hotfixes to ensure optimal application performance and reliability.
- Guided freshers through the project's codebase, assisting in task selection and code comprehension for effective onboarding.
- Developed custom reusable React components and SCSS mixins for the organization's design system.
- Created a dynamic table solution for enhanced data visualization and interaction.
- Resolved critical production issues promptly with browser debugging techniques.
- Collaborated with cross-functional teams for seamless feature integration and user experience.
- Conducted thorough unit and integration tests for application reliability and user satisfaction.
- Employed Agile methodologies for efficient project management, feature delivery, and adaptation to changes.
- Actively participated in code reviews and provided constructive feedback to peers, fostering a culture of continuous improvement and coding excellence.
